Training for, competing and volunteering at the Australian Championships in Canberra in March was a fantastic experience, as was welcoming visiting DAA members from Penrith and Newcastle who joined our team to race in a CDBA regatta and celebrated at Anna's 70th birthday dinner that night.

Coordinator's report

Congratulations to our club on another successful season of paddling with DA ACT and a big welcome to our new members! The beautiful autumn weather enabled us to be out on the lake and paddle regularly and maintain our fitness, strength and stamina (identified as the most important need of our members in our recent survey on page 4).

Congratulations to our award-winning members representing the ACT including the Great Grand Dragon (over 60) category who won silver at the Australian Championships (30 March until 3 April): **Bea Brickhill, Carol Summerhayes, Cathy Powell, Colleen White, Elspeth Humphries, Gillian Styles, Jan Skorich, Lenyss Snellen, Nan Donaldson and Patti Pye.** Fantastic effort by the Grand Masters (over 50) category who came 3rd with 1.10 seconds between 1st and 3rd: **Debbie Whitfield, Julie Richardson, Mary-Lou Reid, Maureen Sandilands and Robyne Kellett.**

Please contact **Boerge Alexander**, organiser, to volunteer for our only annual fundraising event. It's lots of fun! Thank you to members who have already committed to helping beforehand or on the day. actregatta.dragonsabreast@gmail.com

We provided hope and inspiration and encouraged others to 'achieve their dream' of regaining an active, adventurous lifestyle through our many awareness raising activities including giving information to potential newbies at various breast cancer related workshops, Encore as well as during the Bakers Delight Pink Bun Campaign.

Mothers Day Classic

DA paddled the 5km course again this year on Sunday 8 May. I received a number of emails of appreciation. We certainly raised awareness of 'life' after breast cancer and may have attracted new survivor members. Excellent on water photos were taken (Steve Taylor from his kayak) as well as photos from the shore.

DAA National Regatta 2011

It looks like we have a team but there is still room for more as there will be many composite teams and fun activities as well as racing. New members are especially welcome.

Dates: Friday 9 and Saturday 10 September
Venue: Lake Kawana, Caloundra, Queensland
DA ACT has booked a block of accommodation in Caloundra for 18 paddlers. Contact, if interested, ASAP: **Joy Tonkin** bookarts@webone.com.au
\$100 deposit due now.

Membership of the International Breast Cancer Paddlers' Commission

DA ACT was among the first 30 teams to apply and be accepted as lifetime members of the IBCPC. The quarterly newsletter is one of the benefits of joining www.ibcpc.com. The aim is paddling as one to raise awareness of breast cancer and the benefits of dragon boating while steering ahead for a cause and a cure.

It was fun to welcome **Cheryl Brower** back from the US for a short visit and enjoy a picnic on 14 May on Springbank Island with fabulous food and a dinner and paddlers. We presented Cheryl with a DA ACT badge with her design which she created in Peterborough, Canada last June. She even tried sweeping as she and her family are in a sports team in Maryland, US. Cheryl is an inspiration and has found 10 breast cancer survivors interested in setting up a breast cancer team.

Gecko was on display and we paddled **GoAnna** in a procession at the Traditional Boat Meet at the Yacht Club, with some Diamond Phoenix members to show off our boat. Amazingly, we were so fast only half the boat could paddle at a time to keep us in line with the other traditional old boats.

We had fun at on 25 May at the new Griffith Community Centre. Many thanks to the organisers and **Patsy Sheales** and the catering team for delicious soup, sweets and drinks. I presented the paddler survey findings (in this newsletter) and our coach **Narelle Powers** outlined new coaching systems and we thank her for giving us her time and expertise. We watched DVDs of BCNA's founder and CEO **Lyn Swinburne** and the *Fields of Women Live* at the MCG Melbourne and Sydney Telstra Stadium which many members participated in as well as **Di Bradshaw's** images of the 2010 international regatta in Peterborough, Canada.

Mentoring for new members

We are trialling a system to support our new members as they navigate paddling and DA issues to help them settle in and enjoy the experience of the club.

Results of the paddler needs survey

Paddlers were invited to complete a survey in May 2011 about their current and future needs with DA ACT. Some 23 responses were received from 55 members enabling the committee to get a good picture of our member requirements. Results were reported at the recent Dragon Muster. Below is a summary of our paddler needs for the next 12 months and how DA can assist in meeting them.

The 'most important need' of DA ACT members is: Paddling regularly to maintain fitness, strength and stamina

We plan to continue during winter on Saturday and Tuesday mornings and Wednesday lunchtime while there is interest and the weather holds out. At the Dragon Muster, members identified possible walks if the weather is bad and we can't paddle.

Next most important need is: Paddling for the experience when I can get there and to enjoy the social side of DA'

We welcome members who would love to paddle but can't make it regularly to training for various reasons. Coffee, walks, musters, dinners and social activities will remain a big part of our club activities.

Adding 2nd and 3rd choices: Improving stroke/fitness was next

Narelle Powers, our coach, gave an excellent coaching presentation at the Muster and help us to improve our stroke/fitness at training.

While preparing for, and competing in, regattas is less important as a 1st priority, it was ranked as a 2nd, 3rd priority for many, moving it up in importance

This is interesting. We are fortunate to be able to compete in local CDBA regattas regularly as well as participate in away regattas such as Chinese New Year, Darling Harbour and Caloundra. Some members are keen to compete while others are not interested. There is room for both.

For a proportion of our members: Training hard with DA and other teams is their 1st priority, with a greater proportion rating this as their least important need

We encourage members wanting to extend themselves and take their paddling to a higher level to continue to attend DA sessions as part of their training program and paddle with us at regattas. In the ACT, we are fortunate to have dual membership options which suit some members who want additional paddling experience. Members also have opportunities to participate in ACT teams such as some did at the 2011 Australian Championships. See www.dragonsabreast.com.au

New DA ACT greeting card

We have some great new greeting cards printed with Steve Taylor's Mothers Day Classic 2008 image and these will be available for sale with merchandise at **Cindy's** car boot sales.

Farewell and thank you to **Bev** and **Bob Sloan** who are moving to Victoria. Thanks to all our members for your time, skills, energy and good humour. You each help make DA ACT such a great group to belong to. Paddles up!

CDBA Regatta thank you

Thank you **Bea** so much for including us in the boat on Saturday 26 February. We so much enjoyed the beautiful setting, the perfect weather and the friendship from your girls; it all made for a wonderful day. Thank you too for including us in the Saturday night dinner, as we all celebrated Anna's 70th birthday and a great team effort. Please pass our thanks. Should you ever have the opportunity to be in Newcastle please let us know so we can welcome you offer you a seat in the boat.

Regatta, Commonwealth Place, 5 March

Congratulations team on some fantastic racing at the ACT Championships! We paddled hard and strong and even **Kel Watt**, AusDBF President, complimented us on looking like a sports team. In heat 2 it was us against ADFA and Komodos which was a challenge but we ran our own race successfully. We were neck and neck with Griffins in heat one and the finals so it was most exciting. A highlight was having ADFA girls join us for our warm up prior to the finals. Thanks to team captain **Carol Summerhayes** and coach **Narelle Powers**. I fully endorse what Marion said about our team. It was a real shame that the entire DA ACT team wasn't all there to experience it. I was really proud to be a DA ACT member, you rock! I know I pushed you all really hard, but you more than met the challenge. Great work every one of you.

Narelle Powers, coach

I agree with Marion's comments on the determination and grit shown by the paddlers in our boat. 500m is not an easy paddle but when I looked up the boat and saw the looks of focus and sheer will power on all your faces I was pretty proud believe me. Well done crew!

Patti Pye, drummer

Thank you gals for another brilliant salute to our lake encouraged by a most beautiful sunrise on 8 March. Our L Plate Sweep (Mistress Boerge) chose an excellent time for pontoon practice as we watched the warm golden glow rise over the National Museum of Australia, while the RAAF balloon hovered over Parliament House. Such a magic start to the day. Paddling wasn't bad either!

Nationals dotting of the eye opening ceremony

After a wild storm around 4.30pm (when paddlers sheltered in the marshalling marquee), we enjoyed a very successful opening ceremony for the 2011 Australian Dragon Boat Championships at Commonwealth Place on 30 March. The weather quickly cleared around 5pm to reveal a calm, mild evening with a magnificent rainbow over the lake. What a showcase for Canberra! Congratulations to **Gillian Styles** who organised a cast of hundreds for an impressive dotting of the eye ceremony and to **Narelle Powers** the marvellous MC. Thanks to **Carol Summerhayes**, **Boerge Alexander** and **Debbie Whitfield** who worked like trojans as volunteer coordinators.

Thanks to all of you who took part in the dotting of the eye ceremony as African drummers, sweeps, wranglers and paddlers — we looked great out there in our hot pink, it was a great paddle and what a bird's eye view. Well, all except for our drummers, **Mary-Lou Reid** and **Sarah Mackenzie**, of the fabulous ground activities including an Indigenous smoking ceremony, Buddhist monks blessing, drummers and dancers.

Jan Skorich and **Boerge Alexander** were flag bearers for DAA and Victoria respectively. Thanks to those of you who came to watch, and great to see Katherine, Amelia and Annette in the crowd as well as our grand dragon Anna Wellings Booth who was one of the VIP dotters of the eyes. It was a night to remember.

Australian Championships

Congratulations to our team who paddled so hard and strong today at the Australian Championships! Our first race time was 2 min 44 and we improved this in the second race to 2 min 39. Thanks for your 'hero grams' and also for those who came as spectators to support us. It was a very exciting atmosphere and we really enjoyed staying on to watch the races and supporting other ACT teams. Thanks again to our many members who are beavering away as volunteers, often quietly behind the scene, enabling the event to run so smoothly.

Marion Blake

Wow! Congratulations to all DA members in the ACT teams. I managed to sneak away from my post to watch your races and how close they were – your early morning training certainly showed. DA members were also very visible in the volunteer area. I, together with June and Katherine were in the Merchandise tent and the mob was 10 deep before racing began and we had to borrow torches to see the sizes. There was good coverage on WIN TV and ABC news – well done Michelle! Suck in that Dragon Spirit!

Anna Wellings Booth

Congratulations, ladies, for your long hard hours of training — a huge accomplishment. I've enjoyed reading all the emails and I am with you all in spirit. Very proud to be associated with such an amazing team of women. Well done! See you in Caloundra. Paddles up!

I was absolutely overwhelmed by the number of DA ACT volunteers, doing all sorts of amazing jobs for incredibly long hours. You really are a very special group of people. Your contribution was noticed by many participants and we are all extremely grateful. Every time we looked around, there was another smiling DA volunteer! Well done everyone, and well done in the racing too. Next time 200s and 2000s, a most exciting race!

Exercise as medicine — lymphoedema study

Several Dragons Abreast ACT paddlers have recently completed a study conducted by **Dr Kate Pumpa** of the Centre for Research and Action in Public Health at the University of Canberra. The study was conducted in collaboration with Dr Prue Cormie, Post Doctoral Research Fellow at the Vario Health Institute at Edith Cowan University in Perth. Research at the Vario Health Institute focuses on the use of exercise as medicine for the prevention, treatment and management of chronic disease as well as for maintaining health and physical function. The Institute is internationally recognised for their work in cancer and has been involved with the establishment of the Cancer Council Western Australia Guidelines for Implementing Exercise Programs for Cancer Survivors, the Exercise and Sports Science Australia (ESSA) National Position Stand on Exercise for Cancer Survivors, and the influential American College of Sports Medicine (ACSM) Consensus Statement on Exercise Guidelines for Cancer Survivors.

Kate's study was conducted over a 12 week period, with two-thirds of participants participating in weight training at Club Pink in Belconnen and Tuggeranong. The remaining third are the control group who have just commenced the exercise program. The exercise program was divided into two groups, one doing high intensity training, the other low intensity. What this means in practice is that the high intensity group were lifting the maximum weight for each individual for a low number of repetitions, and the low intensity group lifting a lower weight for more repetitions. The program is tailored for the individual, so no two

participants were doing exactly the same program with the same weights.

Before commencing, we all took part in a preliminary testing process involving a DEXA scan, which shows lean body mass to body fat ratio, and also shows the difference between one arm and the other – in my case the difference between my left and right arms is 700gms, or 23%. Other testing involved a bioimpedance meter, which also shows the difference between the lymphoedema limb and the normal limb, measurements of both arms, lifting weights to maximum capacity and maximum repetitions, chair rises, and hand grips, which show general fitness.

I took part in the Belconnen group – other DA participants in Belconnen were Lee and Susi, with Anna and Mary Lou now participating in the delayed action group, they have commenced a high intensity set of exercises. Club Pink donated the memberships for the 3 month period, and Kate and her colleagues donated their time, before and after normal working hours, to conduct the study.

The whole group enjoyed the classes, showing up bright and early to commence the warmup, and lifting weights with enthusiasm. We had lots of fun; there was a fair bit of laughter and chat as we swapped machines. Naturally, we tried to recruit all the non paddlers to Dragons Abreast!

Once we finished the 12 week study period, we went through all the testing again to see if there were improvements. Kate can't stop smiling because preliminary results are indicating an improvement in each of the participant's lymphoedema arms, and of course in our general fitness. Once all the testing is complete we will be provided with detailed information about the results. Kate has agreed to write a piece for this newsletter, so you'll be hearing about this again!

So without getting too far ahead of myself, and waiting for more results both from Canberra and from Perth, it seems that old advice given to us about not lifting weight with the lymphoedema arm could prove to be totally erroneous, and the more weight the better! So keep up the paddling, as it contributes to general fitness, flexibility and well-being, and you may like to visit the gym as well!

Pink Bun campaign thank you

It's another year of FANTASTIC link ups in ACT with many ongoing relationships from previous years. You have covered all bases and having met most of the women at Floriade I know they will be wonderful in the bakeries. I especially like the way pairs and groups going together to create energy and presence. The campaign everywhere is really going very well and I am thrilled with a record number of link ups.

In 2011, legendary Australian Raelene Boyle will celebrate her 60th birthday. As a passionate ambassador of Breast Cancer Network Australia, Raelene's birthday is being celebrated with a gala event in Melbourne on 1 July, to help raise funds for the important work of BCNA in supporting women affected by breast cancer.

BCNA is the national voice of all Australians personally affected by breast cancer and represents more than 294 Member Groups and over 57,000 individuals, who have been affected by breast cancer.

Raelene's 60th birthday celebration will be attended by the Hon. Julia Gillard, Prime Minister of Australia and other political, sporting, community and media leaders.

This unique celebration will feature entertainment tributes to Raelene's many achievements and a fundraising auction for BCNA.

Seven steps for your images to appear on the website

- Snap your photos and download to your computer
- Email digital photos to dragonsabreastaustralia.dragon@picasaweb.com
- In the subject line of the email, include a description, for example "Tit Tit Boom team at the ACT Dragons Abreast Corporate Challenge 2010"
- If possible, also name the individual photos – "Mary paddling", Jo sweeping" etc. *NB: this step is not essential*
- Email webmaster@dragonsabreast.com.au to inform that photos have been sent to the above address.
- Webmaster will then create an album of these photographs
- This album will be placed on the ACT regatta 2010 page, and on the 'Gallery' page <http://www.dragonsabreast.com.au/Gallery.htm>
