

22 December 2023

HOCKEY AUSTRALIA MASTERS COMMITTEE & 'ONE MASTERS' PILLAR GROUPS - POSITIONS VACANT

One Masters:

One Masters hockey culture takes into account the uniqueness of our game with its gender balance and inclusive, family friendly sub culture, built on friendships that encourage, guide and retain high numbers of participants.

Masters Hockey is seen as a continuation of the playing and/or officiating journey and builds on the tenets of **passion, participation, performance and partnerships**.

HAMC:

Hockey Australia Masters Committee is tasked by Hockey Australia to deliver One Masters hockey opportunities for players to be involved in community to elite level competitions for players aged 34+ across Australia and at World Masters level. One Masters also provides officiating opportunities for Umpires and Technical Officials. The officiating pathways include interstate and overseas travel for those who are appropriately skilled and qualified.

Seeds for change:

In 2023, structural change was introduced to reduce duplication and streamline the Masters workload by creating pillar groups that reflect the business of HAMC. The groups created are:

- Events & Officiating Pillar Group ([Terms of Reference](#))
- National Teams Pillar Group ([Terms of Reference](#))
- Growth & Participation Pillar Group ([Terms of Reference](#))

HAMC is excited to assemble volunteers who are passionate about hockey to push towards the delivery of One Masters ... the journey continues.

Passion, participation, performance and partnerships.

POSITIONS VACANT

Hockey Australia Masters Committee (HAMC), working closely with Hockey Australia, seek volunteers with the skills, knowledge, and time to contribute, to be a part of our One Masters Hockey endeavours. Positions will provide opportunity to build skill and knowledge working alongside or leading members with experience in management committees.

The positions available for the next terms are:
