

REGIONAL INTERSCHOOLS SNOWSPORT CHAMPIONSHIPS

FACT SHEET FOR NSW/ACT/QLD/SA SCHOOLS

The Interschools Snowsport Championships is a series of snowsports competitions where students compete for their school as part of a team or as an individual in any of our nine discipline events.

Thousands of students have been introduced to competitive ski and snowboard competitions through the Interschools Championships, establishing a life-long love for the sport.

From Interschools, many students have gone on to professional instructing, coaching and/or competing in higher level competitions, including World Cups and the Olympics.

Over 80 Australian Olympians and Paralympians have begun their competition days in the Interschools Snowsport Championships.

Sounds great! Who can enter?

School students from all ability levels are encouraged to enter, with an emphasis on fun and participation in the initial Regional Championships. As the competitions move into the State and Australian Championships, the level of competition and the degree of difficulty increases.

It is advised that all competitors must be able to execute link turns and ride a chairlift/T-bar confidently, prior to competing in Regional Level events.

What if my school does not already compete?

It is important to note that new schools are able to enter the Interschools Championships if they have not competed before, or for a long time.

You don't need to create a team to enter; individual entries are open and we get many competitors who are either the only snow sports participants from their school, or there are only a few participants over different disciplines and divisions.

How and when do schools enter?

Online entries open in May and are completed by the school's representative, the school coordinator.

New schools will need to assign a school coordinator to complete the entries. Please get in touch with us first if you are a new school to check if there is a previously school registration for the entry system. The entry system can only have one school registration per school.

We can also assist new families in getting in touch with the school coordinator if your school already competes.

Which Regional Championships do I enter?

There are four Regional Championships. Which Regional Championships to enter is based on primarily where the school is located.

Here is a general guide to our school location boundaries for the Regional Championships:

If your school does not currently participate in Interschools, either a parent representative or a school staff member can take on the role of school coordinator. It is advised that you let your school know that you are looking to participate in Interschools and make plans on whether the parent or school staff will act as the school coordinator.

If there is a change of school coordinator for the school, you can email Interschools to update the school login for the Online Entry System.
