## **MSW SAFETY COURSES** **MARCH – JULY 2024**

### **WORLD SAILING (WS) SAFETY AND SEA SURVIVAL**

*This course includes practical wet and flare drills, and hands-on demonstrations of a wide range of safety equipment. It is extremely valuable for both racing and cruising sailors providing up to date information on equipment, safety planning, regulations and procedures. Importantly, given the practical nature of the marine world, we run the course in a face-to-face format to allow for interactive and vital discussion and development of ideas and knowledge. The resulting certificate is valid for 5 years - the time spent in direct training with interactive discussion is invaluable.*

*The ACE Training Centre has been chosen specifically for the wet drill component to create the most realistic training experience including sound, light and extreme wind effects, and wave simulation for lifejacket and liferaft drills.*

*Marine SafetyWorks is the only school teaching the WS Safety and Sea Survival course at The ACE Training Centre.*

#### Full Course (\$695.00) – 2 days

<b>Course Format:</b>	<b>Saturday Day 1, Club Rose Bay, 1000-1800</b>
