

Social Sport – Registration

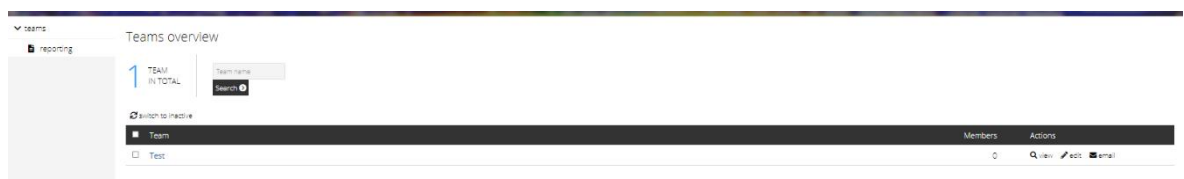

Teams Registered

To register your teammates (this needs to be done before competition starts or they won't be able to take the field):

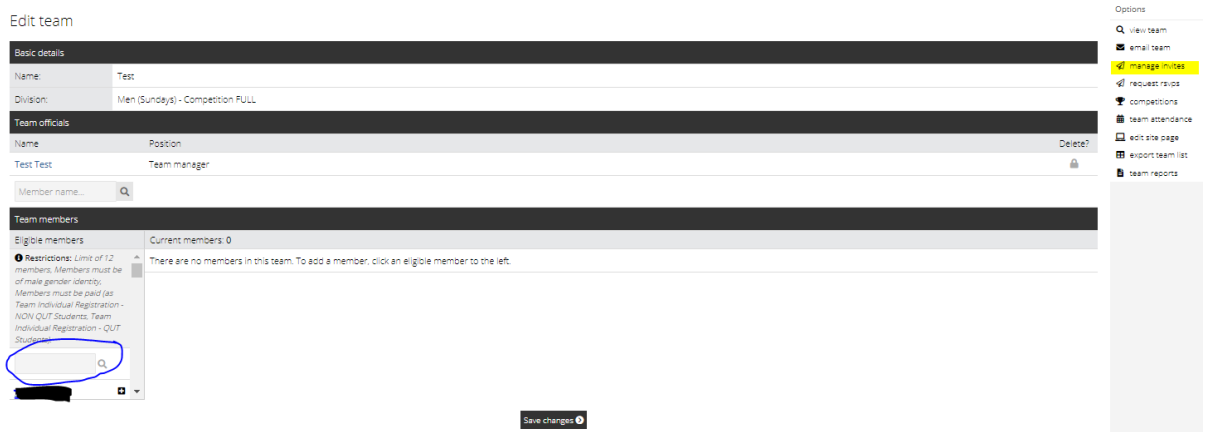

- To access your team portal head to - [QUT Social Sport - Queensland University of Technology - revolutioniseSPORT](#) and click on the sport you're playing and then click 'For admins' towards the bottom of the page and login.

- Your team overview should come up > click 'edit'

- Add your teammate
 - If your teammate is already registered in the sport, put their name in the section circled blue and they should pop up and you can add them.
 - If they haven't registered to RevSport in that sport, you'll have to invite them by clicking on the 'manage invites' in yellow.

- Please make sure when you're inviting you're selecting **'Register to an existing team...'** or it will charge them a fee.
