Regatta Entries

Instructions :- Please feel free to experiment with any Test Regatta to learn how the system works. The Entry System Help contains complete instructions on the entry process.

Close of Entries - Entries close at the advertised time of day. If you are logged in to the entry form prior to that time, you may finish submission of your current/last entry and then the entry form will close. You have a maximum of 10 minutes to complete the final entry.

Late Entries - For regattas where late entries are accepted, the option to submit late entry requests will usually be available immediately following the close of entries. Late entries will only be accepted where there is a lane available in any existing draw.

Regatta Contacts :- A regatta contact person is someone who will be in attendance at the regatta and has the authority to act as a representative for your club/school. When asked to nominate a contact person please supply a mobile phone number as they may be contacted by the regatta organisers if necessary.

Support :- In the first instance requests should be directed to the relevant State contact listed below. Entry system problems or after hours technical support can be referred to: support@rowingmanager.com

Options :- access all past regattas in the 2015-2016 season
