

Rowing Boat Shed Space for Hire

Expression Of Interest

Now Open

Melbourne Girls' College (MGC) is inviting expressions of interest from schools looking for a safe and modern facility to support their rowing program.

Part of the MGC rowing space (storage bay can hold up to 20 quads or 10 eights) is available for hire in March 2024, on negotiable terms.

The space is situated alongside the Yarra River Melbourne. The boatshed offers excellent boat and oar storage, change rooms, amenities, and a boat ramp accessway for safe and easy external access and transfer of boats in the inner metro area.

If you are thinking of relocating your facilities or expanding your school rowing program with a new training base, please contact us today Nancy.sandilands@mgc.vic.edu.au to register your interest for a site visit on 24 November or 1 December 2023.
