Competition

Safety Advice

Part of the fun of cross-country events is the mass start and the opportunity to have a run outside over the natural terrain.

Due to the natural variation of the course, there is always the chance of athletes tripping over the terrain, or other athletes, due to their varying pace and concentration levels. We would like to make all students, parents and school representatives aware that this is all a part of the challenge of a Cross Country event. We do ask students to be aware of their surroundings and fellow competitors and expect them to act in a safe and responsible manner during the race.

Administration:

Please ensure you arrive early enough to collect team or individual race packs. Teachers or (nominated school representative) MUST collect race packs no later than 40 minutes before the scheduled start time for the athlete's event. Individual entrant's MUST collect race packs no later than 40 minutes before the scheduled start time for the athlete's event. These packs include the athlete bib and attached to the bib will be the timing chip. Athletes must wear this on the front of their torso, so it is visible to officials.

Timing Chips & Bibs:

Athletes will be issued with a timing chip and a bib to wear on the event day. These can be picked up at the administration area prior to the race start.

Timing chips <u>MUST</u> be worn as they are attached to the race bib. Please secure safety pins to the front of the athlete singlet. Please also make sure the correct athlete is given the correct bib.

NO BIB = NO TIME AND NO POINTS

On the Day Entries:

<u>Late entries</u> will only be available up until <u>one hour before the event start time</u> at the administration area. A LATE ENTRY FEE OF \$50.00 will be charged.

If there are more than three runners in the one event from the same school, the school's first three runners to finish will constitute the first team, the next three runners from that school will constitute the second team, and so on.
