

2021 TMA 5km Road Walk Championships at Wentworth Park Saturday May 22

Today's walk at Wentworth Park marked ten years since the TMA Road Walk Championships was introduced onto the Winter Road Walk calendar. A small but enthusiastic field turned out for the 5km event held in bright sunshine and light winds.

From l-r T Hatten, D Moore, E Leitch, W Fletcher, R Foster on the Start Line.

Elizabeth Leitch W65, took an early lead and powered home to keep the rest of the field well behind her. **Elizabeth** is truly a tough as nails competitor having already run in Athletics South's Cross Country in the morning followed by our Walk in the early afternoon.

Have a run in the morning and a walk in the afternoon,
No problem!!!

A showdown was again on the cards for the Gold in the **M70** age group between **Ron Foster** and **Wayne Fletcher** as they have already had many a close battle in Walkers Club races so far this winter. But unlike last year, Ron asserted his ascendancy from the very first kilometre and kept Wayne at bay for the entire 5km, while **Dave Moore** did his first 5k since last year and is beginning to regain some form.

Joining her fellow Masters Walkers for the first 2km was **Teresa Hatten** who is still building up her Race Walking fitness after a busy summer of field events and a shorter track races.
