Autism Inclusion in Sport, Recreation and Physical Education

Live Webinar Series 2020

Join Special Olympics Australia for a free live webinar series and learn practical strategies to include people with autism in your sport, physical education or recreation programs. Engage directly with experts and people with lived experience of autism. Increase your toolkit of knowledge, resources and practical applications to improve your confidence in delivering inclusive programming.

This webinar series expands upon topics presented in Special Olympics Australia's online learning module 'An Introduction to Autism Spectrum Disorder' found on SOA Learn and includes:

- Understanding Autism
- Getting To Know Your Participants
- Communication and Inclusive Practice
- Sensory Sensitivities and Regulation
- Creating an Inclusive Program and Environment
- Inclusive Practice for PE Teachers and Schools
