Where matches requiring a winner are drawn at full-time, they shall be decided on the day by the playing of the appropriate duration of extra time, followed by a penalty shoot-out if necessary – as set out below.
- 1.7.2 If any finals series match is drawn at full time of ordinary playing time then teams shall re-toss for choice of end, and play extra time as follows:
- for up to and including the under 14 age group, five minutes each way of extra time will be played.
 - for all other ages and grades, ten minutes each way of extra time will be played.
- 1.7.3 If scores are still equal after the extra time periods are played, then there shall be a penalty shoot-out, based on FIFA rules, to determine the winner of the match.
- The interchanging of players will cease at the completion of normal time and extra time. If, at this time, penalty kicks are required to obtain a result, then the eleven (11) players on the field at the end of extra time are the only players permitted to participate in the penalty kicks. No interchanging of players is permissible at this time.
- However, if during the taking of penalty kicks the goalkeeper is injured, he/she may be replaced with another goalkeeper provided the replacement was listed on the team sheet.
- 1.7.4 Stoppage time will be played in all finals series matches.
- 1.7.5 There shall be "golden goal" in any period of extra time.
- 1.7.6 In the event that a finals series match cannot be completed due to external factors (eg: failing light, serious injury to player or referee causing prolonged delay, dangerous weather or ground conditions) then the match is to be rescheduled and only that period of time not played shall be played.
- 1.7.7 In the event that a match is replayed under rule 1.7.6 the following conditions shall apply:-
- a player sent off in the original (incomplete) match will be required to serve whatever suspension is given to that player by the Association, as if the match had been completed.

Where a Grand Final is not played because of weather and cannot be rescheduled to the following weekend the team ranked highest on entering the Grand Final shall be declared the winner.

For the purpose of this rule, team ranking shall be according to the team's position on the league table at the completion of the league competition.

1.8 DETERMINATION OF PLACES ON COMPETITION TABLES

1.8.1 If, and only if, teams on equal points cannot be separated by the criteria set out in rules 1.8.2 and 1.8.3, then a play-off match (or matches if there are more than two teams to be separated) shall be played to determine the placement of teams.

1.8.2 Where teams have accrued equal competition points at the end of the home and away portion of the competition and it becomes necessary to place teams in a set order for the purposes of defining positions on the competition table, positions shall be determined by the following criteria, in order of precedence:-

In matches between the tied teams (only) over the home and away portion of that competition;

- the win/loss differential (competition points)
- goal difference

In all matches played by the tied teams over the home and away portion of that competition (ie: against all other teams – including each other);

- goal difference
- goals scored 'for'
- number of matches won
- least number of red cards or send offs reported
- least number of yellow cards reported

1.8.3 Where teams have accrued equal competition points at the end of a round robin finals series and it becomes necessary to place teams in a set order for the purposes of determining positions on the round robin table, positions shall be determined by the following criteria, in order of preference:-

- the match results between the tied teams (only) during the round robin phase
- goal difference overall during the round robin phase
- goals scored 'for' during the round robin phase
- number of matches won during the round robin phase
- position of the teams on the league table at the end of the home and away portion of the competition

1.8.4 Where due to wet weather or other cause a full cycle of league matches in any division cannot be completed within the time available, then a score will be derived for each team in that division calculated by dividing the total competition points earned by the number of games played.

If after application of the above calculation two or more teams remain on equal point scores, then those teams shall be ranked in accordance with the criteria set out in Rule 1.8.2.

This Rule 1.8.4 may be employed to determine positions on league tables in the following circumstances:-

- leading up to the sub-division of a 12-team competition into two 6 team competitions.
- where it becomes necessary to play a finals series in shortened format.
- to determine minor premiers (except under the special circumstances set out in rule 1.8.5).

1.8.5 If the finals series is shortened to two weekends with a format as set out in Rule 1.6.2, and the teams coming first and second in division 1 are separated by less than 4 competition points, and the final match of the league competition is scheduled to be a match between those two teams, and the outcome of that match would have no bearing on the standing of any other team in that competition, and that match is not able to be played before the finals series, then for the purposes of determining who will represent the Association in the Champion of Champions competition;

- (a) where the grand final is a match between those two teams, the winner of the grand final shall represent the Association, or
- (b) where those two teams do not meet each other in the grand final, the competition secretary shall schedule the final league match between those two teams as soon as possible after completion of the finals series, and the minor premier team will be determined as if that league match had been played within the regular season.

- The Management shall not schedule catch-up matches in a way that results in any team playing “double headers” on consecutive weekends.
- This section shall not apply to teams that enter into external competitions who shall have no right of appeal or right of objection against the scheduling or rescheduling of any CDSFA game, provided that proper notice of the scheduling or rescheduling of a match is given.
- 1.9.9 Where the scheduled catch-up weekends identified in rule 1.9.3 have been filled with deferred games (first priority), the Management may reschedule deferred matches to other alternate days during the season (ie: normal Saturday games may be put on Sunday and vice versa).
